

2026-27 U19 Flow Chart

Players will play all positions in the Skills skates.

Skaters whose evaluation scores are significantly below average may be moved into a lower tier in the next round of scrimmages.

**Skate will be confirmed or cancelled following Calgary AA Player Selection.*

U19 Narrative

Pre-Skate (1.1, 1.2)	This is an opportunity for players to try the skills drills before they are evaluated. Players will have an option to select their Pre-Skate time. Attendance is optional.
Round 1: Skills (2.1, 2.2, 2.3)	Predictive Player Pathway algorithm will be used to place players into each skills skate. Players will play all positions. Attendance is mandatory. <i>*For the 2026-27 season only* Skills scores will not be used to move players between skates but will be available to coaches at team formation.</i>
Round 2: Scrimmage Game Play (3.1, 3.2) (*3.3 only if required)	- Players will be placed in these skates based on predictive placement. - Skaters whose evaluation scores are below average may be moved to a lower tier. Attendance is mandatory.
Round 3: Scrimmage Game Play (4.1, 4.2) (*4.3 only if required)	- All players will be ranked and placed in this skate based on their Round 2 evaluations scores. - Depending on numbers, there may be a need for additional skates as marked on the flow chart. - An undefined number of top and bottom players will be placed in A Pooling or C Pooling following this skate. Attendance is mandatory.
Round 4: Scrimmage Game Play (5.1) (*5.2 only if required)	- All remaining players will be ranked and placed in this skate based on their Round 3 evaluation scores. - Players in 5.1 and 5.2 will be considered for A or B Pooling based on evaluation scores from this round. Players who do not want to play A will be removed from the secured or unsecured list. Attendance is mandatory.
